

REMARKS

Claims 1-7, 9-14, 18, 23 and 26 are in the case.

On Oct. 22 and 23, acting SPE Choi reviewed the final rejection at the undersigned's request and agreed that the final rejection of May 2, 2007 should have included action on claim 26, which was pending and was referred to in the amendment of 26 Feb. 2007, to which the final rejection was responsive.

It is the undersigned's understanding that the final rejection of May 2, 2007 is no longer in effect and therefore applicants can amend under 37 C.F. R. 1.111 rather than under 37 C.F.R. 1.116 while there is no final rejection in effect.

Respectfully submitted,

COZEN O'CONNOR
